Topsy Turvy Two Dolls in One

When Nellie moved from her home in Norway to the USA in 1885, her life turned “topsy turvy.” She was now on the other side of the world. She learned a new language & new customs. Now you can play with Nellie as as she moves from Norway to the US. Norway Nellie lived in Hedmark, Norway and wore a bunad. Flip her “topsy turvy” and you have: Pioneer Nellie who worked as a midwife. She established a home-stead with her husband and daughter in 1890 on the shores of Silver Lake in the foothills of Mt. Baker, Washington State.

Contains small parts not suitable for young children.

Self-Print Pattern @ \$8.00 each
