### EMBLA LODGE #2

### DAUGHTERS OF NORWAY

The Aims of the Daughters of Norway:

- To unite into a sisterhood, women who wish to preserve Norwegian heritage.
- To maintain among members a knowledge of the history, culture, and language of Norway.
- To build a strong support system and bond of friendship within the sisterhood.

Who was Embla?

Not too long after the world itself was created; Odin was walking along the coast of one of the new land masses. With him were two other gods. They found two tree trunks shaped like a man and a woman. Odin blew into them the breath of life, while his two companions imparted inspired mental activity, a healthy complexion, and the ability to speak, hear, and see. They named the man "Ask" and the woman "Embla." Ask and Embla were then given Midgard, the world of human civilization, for their dwelling-place. They became the father and mother of the entire human species.
